Long Distance melts the miles

COSTS SO LITTLE ANY TIME

...even less nights after 6 and all day Sunday

There are so many "perfect times" for a Long Distance call. When you're away on a trip — or planning a visit. When someone dear to you is away at school or camp. On birthdays and anniversaries — or when the news is too good to keep. Or when you just feel like chatting awhile.

Whatever the occasion, an unhurried chat by Long Distance is the very best thing — next to being there in person. And it's so easy, fast, so low in cost.

Rates are especially low nights after 6 P.M. and all day Sunday. For example, you can call from anywhere in

BROOKLYN

TO

Albany	35¢
Detroit	95¢
Milwaukee	$1.20
Dallas	$1.65
Seattle	$2.00

These rates are for station-to-station calls for the first three minutes (not including federal excise tax).

EMERGENCY CALLS

IN AN EMERGENCY, dial the operator and say:
"I want to report a FIRE," or
"I want a POLICEMAN," or
"I want the COAST GUARD," or
"I want an AMBULANCE."

If you cannot stay at the telephone, tell the operator where help is needed.

HOW TO GET THE BEST USE OUT OF YOUR TELEPHONE

DIAL TELEPHONES

1. Have the right number. Look up any number you are not sure of. Write it down. Refer to it while dialing.

2. Lift the receiver and listen for the dial tone – a steady humming sound. Do not dial before you hear it. (If you do not hear the dial tone within a reasonable time, hang up, wait a few seconds, and try again.)

3. Then dial the first 2 letters and the 5 numerals (and the party line letter, if any.) For example to call COney Island 6-9970, dial: **CO 6 9970**

In **each case, turn the dial** until your finger FIRMLY touches the finger stop.

Take your finger out and let the dial return freely until it stops.

OTHER HELPFUL HINTS ON USING YOUR DIAL TELEPHONE CORRECTLY

Do not turn the dial during any telephone conversation. If you do, the connection may be broken.

Between calls replace the receiver for a moment, then pick it up and wait for the dial tone before making the next call.

If you make an error when dialing, or your finger slips, hang up for a moment, lift the receiver, wait for the dial tone, then dial the complete number again.

If you have trouble in dioling, dial the operator (numeral zero). She will be glad to help you.

Ringing signal – A burring sound at slow, regular intervals indicates that the telephone you are calling is being rung. Allow a reasonable time – at least a minute (10 rings) – for the person you are calling to answer. (When no one answers, there is no charge.)

Busy signal – A persistent series of buzzing sounds interrupted by clicks means that the called telephone is busy or is a party line that somebody else is using. When you hear this, you should replace the receiver. (There is no charge for a "line busy.") Wait about three minutes and try again.

When your telephone rings, answer promptly. A prompt answer may prevent the loss of an incoming call.

If you reach a wrong number, try to obtain the exchange name and city you have reached. Report them to the operator promptly so that you will not be billed for the call.

If you are cut off, report this promptly to your operator so we can properly adjust the charge for the call.

If you wish to call back the operator during the progress of a call which she is handling, move the receiver hook up and down SLOWLY until she answers.

When you are through with your call, be sure the receiver is replaced properly so your telephone can be rung on the next call.

Knowing your dioling area is important. (see page 4).

Dialing another party on your line. If you know that the number you're calling is another party on your line, dial the operator, give her your number and the number you wish to call, stating it is another party on your line. Hang up and when the other party has had time to answer, lift the receiver and begin the conversation.

SAVE TIME AND MONEY WHEN CALLING LONG DISTANCE

HOW TO SAVE MONEY

1. Call **Station-to-Station** if you are willing to talk to anyone who answers. This kind of call is charged for at the lowest rate. It costs you at least 25 per cent less for the initial period than a person-to-person call. The charges begin when the called number answers.

2. Call **Person-to-Person** if you wish to reach a particular person, department or switchboard extension. Charges do not begin until the conversation with the called party starts.

3. Reduced long distance rates apply between 6 p.m. and 4:30 a.m. on weekdays or any time Sundays. The same reductions apply on Thanksgiving, Christmas and New Year's Day.

HOW TO SAVE TIME

1. If you are calling **Station-to-Station,** dial the operator and give the city, state and telephone number you are calling. If you do not know the number, give her the name and address and say you'll speak to anyone at that number.

2. If you are calling **Person-to-Person,** call Long Distance – dial 211 – and give the city, state and person you are calling, and the number if you know it.

3. Collect calls cost no more than other calls, except in the case of station-to-station calls having a basic charge of 25¢ or less. Call Long Distance – dial 211 – and say it is a collect call.

A federal excise tax of 10% applies to the total charges for any long distance call from a coin-box telephone. From coin telephones there is no tax on calls totalling 20¢ or less, but on calls totalling 25¢ or over the tax is 10% computed to the nearest multiple of 5¢.

FOR RATES TO OTHER POINTS, DIAL THE OPERATOR

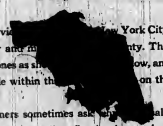
HOW YOUR METROPOLITAN SERVICE

The Metropolitan Servi… New York City, southern Westchester and fu… ty. This area is divided into zones as sh… ow, and charges for calls made within th… on the zoning.



How you save

Customers sometimes ask… alls within the Metropolitan Service Area are not itemized on their bills. When the Metropolitan Service Area was introduced in 1950, message unit billing was a necessary part of the plan. This method of billing eliminated costly clerical and billing operations on millions of low-cost telephone calls. The economies which resulted from this billing method have helped us to keep down the level of telephone charges and permitted a reduction in rates of from 5 to 20 cents on calls between many Metropolitan Service Area points. That's how we were able to keep the price of your telephone service low in comparison with almost everything else you buy.

* * *

Completed calls between points within the Metropolitan Service Area are charged for the initial 3-minute period at the rate of 1 to 6 message units per call depending on the distance between zones. An additional charge, as listed under Overtime Rates on the opposite page, applies on calls of more than 3 minutes. Your monthly service charge includes an allowance of message units (75 for an individual line telephone and 60 for a 2-party line residence telephone) for outgoing calls. Any message unit in addition to the number allowed appears as a single item on your bill and are charged on a downward sliding scale, starting at 5¢ each.

KNOWING YOUR DIALING AREA IS IMPORTANT

Midway 7 telephone users can dial station-to-station calls over a wide range, as described on pages 6 and 7.

Other users can dial calls to exchanges in the Metropolitan Service Area listed on the opposite page **except** dial the operator for calls from exchanges in Zone 7 to LYric 2, ROckwell 1, RYe 7, TArrytown 4, WEstmore 9 and WHite Plains 6, 8 or 9.

COLLECT AND PERSON-TO-PERSON CALLS

Collect and person-to-person calls within the Metropolitan Service Area are accepted where the station-to-station initial period rate—as shown in the table above—is three or more message units. The charge for such calls are equal to the station-to-station rate at 5 cents per message unit plus an added charge of 10 cents per call. These charges are billed separately and are not combined with other message units used. Call Long Distance—dial 211—for these calls.

MIDWAY 7 USERS' GROWING WIDE-RANGE DIALING AREA

If you have a Midway 7 telephone . . .

. . . these instructions will show you how to dial station-to-station calls, and the exchanges you may reach, in:

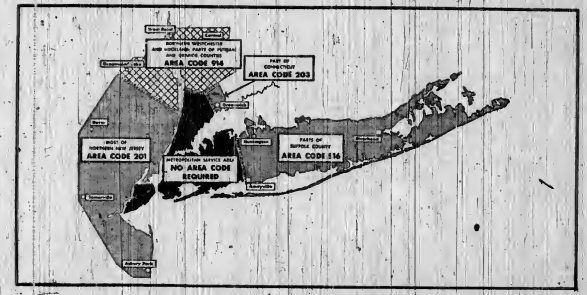
(A) The Metropolitan Service Area.
(B) Suffolk County.
(C) Westchester, Putnam, Rockland and Orange Counties.
(D) Northern New Jersey.
(E) Connecticut.

Dialing to distant points is just as easy as dialing a local number except that you first dial a 3-DIGIT AREA CODE.

To call places *NOT* included in the lists below, dial the operator.

For *ALL* person-to-person and collect calls, dial 211.

NOTE:—Other customers will be notified as fast as wide-range dialing can be extended to them.



(A) TO CALL EXCHANGES IN THE METROPOLITAN SERVICE AREA . . . NO AREA CODE NECESSARY

Simply dial the first 2 letters of the exchange name and the 5 numerals, plus the party line letter, if any. (For example, to call PLaza 3-9970, dial PL3 9970).

(see pages 4-5 for exchanges which can be dialed in the Metropolitan Service Area.)

(B) TO CALL THE FOLLOWING EXCHANGES IN SUFFOLK COUNTY . . . AREA CODE 516

Dial 516, then the first 2 letters of the exchange name and the 5 numerals, plus the party line letter, if any. (For example, to call CEntral Islip 4-9970, dial 516 CE4 9970.)

YOUR TELEPHONE BILL

Listed below is an explanation of the lines as they appear on your regular monthly telephone bill.

1. "LOCAL SERVICE." This is the basic monthly charge for your telephone service and includes your message unit allowance (75 for an individual telephone and 60 for a 2-party residence telephone) and any additional equipment or listings you may have. This charge is billed in advance.

2. "ADDITIONAL MESSAGE UNITS." Completed calls are counted as message units when made to places within the Metropolitan Service Area. Charges for message units in excess of the number allowed appear on this line. The message unit rates for calls are shown on page 5.

The total number of message units charged for a particular call depends on both the place called and how long you talk. For example, from a telephone in Brooklyn typical message unit charges are:

MAin 2 telephone

1 message unit to → FAR ROCKAWAY
2 message units to → STATEN ISLAND
3 message units to → HEMPSTEAD
4 message units to → SCARSDALE

The number of message units for each call above and for any other message unit call you may make

WHERE THE INITIAL PERIOD IS:

- **2 Message Units . . . . . 1 Message Unit for Each Additional 3 Minutes or Fraction**
- **3 or 4 Message Units . . . . . 1 Message Unit for Each Additional 2 Minutes or Fraction**
- **5 or 6 Message Units . . . . . 1 Message Unit for Each Additional 1 Minute or Fraction**

is for an initial period of 5 minutes. Additional units are charged for longer conversations, as follows:

THE OVERTIME RATE IS:

The number of message units shown on the second line of your bill does not represent the actual number of calls made but rather the number of message units charged for such calls. Message unit calls are not itemized on your bill. To list separately the millions of message unit calls made each month would be a very expensive procedure. Our method of billing message units is accurate and economical. It helps to keep down the cost to you of your telephone service.

3. "TOLL CALLS AND TELEGRAMS." The charges for long distance calls and telegrams are itemized on a separate statement enclosed with your bill.

4. "OTHER CHARGES OR CREDITS." Any amount shown on this line is explained on a statement which is enclosed with your bill.

5. "BALANCE FROM LAST BILL." This is any amount carried over unpaid from your previous bill or received too late to be credited to your current bill.

"TAXES." Your telephone bill is subject to the following excise taxes: *federal* – 10% on the basic monthly charge, on charges for message units and on long distance calls and telegrams; *New York City sales tax* – 3% on the basic monthly charge and on message unit charges.

BILL PAYMENTS

Telephone bills are rendered once a month and are due when received. Payment within 15 days will be appreciated, but should this be inconvenient our Business Office will make every reasonable effort to arrange a more convenient payment date.

PAYING BY MAIL – Please return the bill stub with payment. If the stub has been mislaid, please write your telephone number on the check. If you have mislaid the return envelope, mail your payment to our office nearest to you as shown under Addresses of Business Offices on the opposite page.

PAYING IN PERSON – Please bring the *bill and bill stub* to any of the Business Offices or payment locations listed.

BUSINESS TRANSACTIONS

YOUR BUSINESS OFFICE REPRESENTATIVE – Your account is handled by a representative at the Business Office who will arrange for new or additional telephone service, move or disconnection of service, listings in the alphabetical directory and will answer questions about your bill or payment arrangements. She will also furnish information on other telephone matters and will help you in any service difficulty which has not been handled to your satisfaction.

The Business Offices are open from 9 to 5 Monday through Friday (closed Saturdays, Sundays and holidays). To reach the one that serves the telephone you are using, dial 811. If, outside of these hours, an emergency arises which requires immediate establishment of service, ask the operator for COrtlandt 7-Official 34.

For information regarding other Business Offices, call your Business Office. For transactions involving directory advertising accounts, call EXchange 6-1212.

The Business Office Supervisor will assist in any matter you may feel has not been disposed of properly.

Should you desire to transact business in person, see the list on this page for the address most convenient to you.

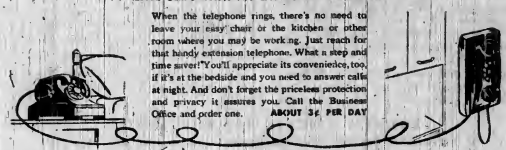
ADDITIONAL EQUIPMENT FOR YOUR CONVENIENCE

Prices shown for equipment do not include taxes, or charges for installation or substitution, if any. Call the Business Office for further information on these and other accessories.

SAVE STEPS WITH AN EXTENSION TELEPHONE

When the telephone rings, there's no need to leave your easy chair or the kitchen or other room where you may be working. Just reach for that handy extension telephone. What a step and time saver! You'll appreciate its convenience, too, if it's at the bedside and you need to answer calls at night. And don't forget the priceless protection and privacy it assures you. Call the Business Office and order one. **ABOUT 3¢ PER DAY**



COLORED TELEPHONES ADD BEAUTY

Telephone instruments to fit into the color scheme of your home or office interior are now available in an assortment of colors. The solid colors include blue, gray, green, ivory, red, beige, brown and yellow. In two-tone, the base is either red, green, gray or ivory, and the handset and dial are contrasting jet black.

2-TONE — $5; SOLID COLORS ARE HIGHER
(one-time charge)

PLUG-IN TELEPHONE

A real convenience — a portable extension telephone that plugs into wall outlets. Perfect for rooms that do not warrant permanent extensions because of only occasional use. The portable instrument costs about 3¢ per day and can be used anywhere. It's as easy as plugging in a lamp.

$5.00 PER OUTLET
(one-time charge)

LIGHT-UP DIAL TELEPHONE

This is a special telephone with a small lamp mounted opposite the number "6" which illuminates the dial whenever the handset is removed from the cradle of the telephone. The lamp is shielded from the user's view by a cover which directs the light toward the dial. A real convenience for bedrooms and in places with subdued lighting.

25¢ MONTHLY

CUT-OFF SWITCH

A cut-off switch enables the user to cut off other extensions from a line to insure privacy. It may also be used to cut off a distant bell. Economical, too, this feature can prevent unauthorized use of a telephone.

20¢ MONTHLY

VOLUME CONTROL TELEPHONE

A special telephone with which sound volume may be adjusted to suit the hearing of the individual. The loudness or softness of the calls is as easy to regulate as your radio. This is a telephone which brings new pleasure to the hard of hearing.

$1.25 MONTHLY

AUTOMATIC ANSWERING SETS

Small business concerns and others who have a requirement for telephone coverage during periods of absence, both during the day and after business hours, can use this service to their advantage. Announcements to calling parties can be made and conveniently changed when necessary. Messages from calling parties are recorded, and may be played back when the user returns to his office.

$12.50 MONTHLY

SPECIAL SERVICES FOR YOUR CONVENIENCE

IF YOU ARE PLANNING TO MOVE

First find out if telephone service can be provided without delay at your new residence or business establishment. Ask our Business Office.

Providing new telephone equipment is a complex job and takes time. Orders for moving existing service or installing new service are handled as soon as possible. While there are some delays in a few areas, every effort is made to provide facilities quickly.

Orders which cannot be filled promptly are carefully listed according to dates of receipt, and applicants are then notified just as soon as their turn has been reached.

PERSONAL NUMBERS BOOKLETS

The quickest, easiest way to refer to telephone numbers you call frequently is to have them in your own personal list. We have two attractive indexed booklets for just this purpose — designed after we had asked thousands of telephone users what kind they would like: for pocket or handbag — 2½" x 4" — with space for 210 names, addresses, telephone numbers and memoranda; for home or office — 4¼" x 7⅛" — with space for 360 names, addresses and telephone numbers. There is no charge for either booklet. Just call the Business Office — dial 811.

TIME AND WEATHER FORECAST CALLS

Time-of-Day Information	Dial Minutian 7-1212
Weather Forecast	Dial Weather 6-1212
Charge from non-coin telephones	1 message unit
Charge from coin telephones	10 cents

IF YOU ARE PLANNING TO BUILD

Achieve that added beauty and convenience in your dream home at surprisingly low cost by planning ahead for your telephone requirements. Whether you expect to build a new home or remodel your old one, now is the time to make provisions in the blueprints for concealed wiring and outlets conveniently located. The telephone company maintains an Architects and Builders Service which provides assistance in planning, without charge. Call the Business Office — dial 811.

PUBLIC TELEPHONES

Telephone service is provided at accessible locations for your convenience when you are away from your home or your place of business.

Calls can be made from public telephones to almost any place reachable by any other type of telephone service. Instructions as to the use of public telephones are displayed on or near each instrument.

Public telephones are coin-operated and require the deposit of change.

"BEEP" TONE TELLS WHEN TELEPHONE CONVERSATION IS BEING RECORDED

A short high-pitched "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder, the signal is no longer heard. Use of a recorder without this signal is unlawful.

CUSTOMER SERVICE BUREAU

The telephone company maintains a Customer Service Bureau whose sole job is helping business people to make more effective use of their telephone service. Its services are available to you without charge. Call the Business Office — dial 811 — and ask that a representative visit you.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from coin telephones, paying as you would for a telephone call.

1955

YOUR TELEPHONE DIRECTORY

Every customer in Brooklyn receives a copy of this book and a separately-bound Brooklyn classified directory. Alphabetical directories for other nearby points are also available without charge. To give these books to all customers would be an inconvenience to most of you. In cases where needed, they are furnished on request.

If your directory becomes lost or badly worn, it will be replaced free of charge if you call the Business Office.

OUT-OF-TOWN DIRECTORIES

A large library of out-of-town telephone directories covering most cities and towns in the United States and Canada can be consulted at the following locations:

New York Public Library,
5th Ave. and 42nd St., New York, N.Y.

Brooklyn Public Library,
(Business reference branch)
197 Montague Street, Brooklyn, N.Y.

Queensborough Public Library,
89-17 Parsons Blvd., Jamaica, N.Y.

A more limited number of out-of-town telephone directories can be consulted at the following locations:

Railway, bus and airline terminals.

New York Telephone Company
Business Offices.

A limited public telephone location including A. T. & T. Co., 195 Broadway, New York City.

DISPLAYING TELEPHONE NUMBERS

Don't hide your telephone number. In your advertising material or stationery, put it where it will be seen. Remember, a legible number appearing in a prominent position and printed in full will make it easy for your customers when they wish to call you.

The display of your telephone number is as important as the address. Always include it. For example:

John Smith Co.
486 Broadway, Brooklyn, N. Y.
COney Island 6-9970

While we cannot guarantee any number will be permanent, no numbers will be changed unless the needs of the telephone system make it essential to do so. When a number is to be changed, as much advance notice as possible is given.

ALPHABETICAL ORDER OF LISTINGS

Telephone directory listings are arranged alphabetically according to a person's last name or the first word of a firm name.

Standard abbreviations are used for names and words such as: Chas. (Charles), Co. (Company), St. (Saint), U.S. (United States) and are placed in alphabetical sequence as though spelled in full.

Apostrophes (') and ampersands (&) are disregarded in alphabetizing, and names containing these symbols are listed as though the symbols were not shown.

Names containing hyphens are treated as one word in determining the precedence of listings except when the hyphen is used between an individual's surname (John Evers-Harper) or between the surnames of partners (Cooper-Jones Co). In such cases the hyphen is considered as a space, and the names are positioned as separate words.

Names beginning with prefixes such as *M', Mac, Mc, D', De, Di, la, Fitz,* etc. are treated as one word without regard to capitalization or apostrophe.

Words spelled locally as 1 or 2 words, such as Red Hook and Redhook, are treated as one word or separate words depending on which spelling predominates. In such cases a cross reference may be placed at the alternate spelling position.

Letters used as words, such as A B A Carpet Co., are treated as separate words and are listed at the beginning of their respective letters of the alphabet.

MAKING USE OF THE CLASSIFIED DIRECTORY

Find what you need FAST...EASILY ...NEARBY in the YELLOW PAGES of the Brooklyn Classified Directory which is provided as a separate book. Listed there are business and professional people by type of product or service provided. You will find these Yellow Pages convenient and handy to use to find "Who Sells It," "Who Services It" or "Who Can Do It."

OWNERSHIP OF DIRECTORIES

Your directory is telephone company property and is furnished only to help you get the best use out of your telephone service. The contents are protected by copyright and may not be reproduced.

It's to your benefit, as a customer, that you return this directory to the telephone company or dispose of it each time a new one is delivered. This helps avoid the possibility of your calling wrong numbers by referring to an out-of-date directory.

Experience has shown that, with certain exceptions, binders, holders, auxiliary covers, index tabs, stickers, inserts and other material often used in connection with these directories are more of a hindrance than a help. The exceptions are those items or supplements which we ourselves provide or approve. Our Business Office people will be glad to discuss these with you.

Classified telephone directories—YELLOW PAGES—are the only business directories which we publish. Our bills, notices and other forms dealing with advertising in classified telephone directories carry the name "New York Telephone Company" or "The Reuben H. Donnelley Corporation," our authorized directory advertising sales representative. We have no connection whatever with any other business directory or publisher.

ADDITIONAL LISTINGS MAKE IT EASIER FOR YOUR CALLERS

Extra listings make it easier for someone to find your telephone number in the directory. The listing you get with your telephone service may not be sufficient for your needs. By arranging for additional listings according to your requirements, you can make it easier for a customer, friend or business associate desiring to call you.

Costing just over a cent a day, your additional listing, if ordered in time, will appear in the next issue of the directory for which it is intended.

Additional listings in the alphabetical directory may be secured by calling the Business Office.

EMPLOYEE IDENTIFICATION

Every employee of the telephone company authorized to install, inspect, repair or remove the company's apparatus carries a card showing the company's name and the employee's number and photograph. Other telephone employees also carry suitable identification. We suggest that customers refuse access to their premises to anyone who represents himself as from this company, but who cannot so identify himself.

ATTACHMENTS TO TELEPHONES

In the interest of good service please avoid the use of attachments or devices on your telephone instrument other than equipment furnished by the telephone company. Many of the devices offered for sale which are claimed to improve the service actually interfere with the service. The telephone company reserves the right to remove unauthorized equipment or devices. Where standard equipment does not meet a particular need, the company is ready to furnish special equipment at reasonable rates.

OVERSEAS CALLS

Calls to practically all the world's telephones and certain ships at sea can be made from your telephone. For information concerning this service call Long Distance — dial 211.

CALLS TO MOBILE TELEPHONES

You can make local and long distance calls to cars, trucks, trains and boats equipped for mobile telephone service. To reach a mobile telephone, call Long Distance — dial 211 — and ask for the Mobile Service Operator.
